# International Conference on Cyberlaw, Cybercrime & Cybersecurity

## About The Conference

The International Conference on Cyberlaw, Cybercrime & Cyber Security 2017 aims to examine and analyze the emerging Cyberlaw, Cybercrime and Cybersecurity trends of today's times. The International Conference will be attended by various international delegates and speakers as also representatives from the national Diaspora representing the stakeholders in the digital ecosystem and alive web.

These would include representatives from the Central Government & State Governments, various Ministries, Law Enforcement Agencies, Police, Business, Information Technology, Corporate Sector, Academicians, Scholars, Service Providers, International Organizations and distinguished thought leaders.

The International Conference on Cyberlaw, Cybercrime & Cybersecurity has been supported by more than 87 international and national organizations. These include UNESCO, UNODC, ITU, UNU-EGOV in the UN Family, as also by Council of Europe, Europol Cybercrime Centre, Interpol, Internet Corporation for Assigned Names & Numbers (ICANN), Internet Society, World Federation of Scientists, International Association of Prosecutors, Global Prosecutors E-Crime Network, Asia Cloud Computing Association and Ministry of Electronics & Information Technology, Government of India.

The International Conference on Cyberlaw, Cybercrime & Cybersecurity shall aim to analyze some of the important aspects pertaining to evolving jurisprudence concerning #Cyber Law, Cyber Crime and Cybersecurity.

## Objectives of the Conference

The objectives of the International Conference on Cyberlaw, Cybercrime & Cybersecurity are as follows:-

- ✓ The International Conference on Cyberlaw, Cybercrime & Cybersecurity will look at the emerging legal, policy and regulatory issues pertaining to cyberspace and cybercrimes.

*Supported By:*

- ✓ To identify the emerging Cyberlaw, Cybercrime & Cybersecurity trends and jurisprudence impacting cyberspace in today's scenario.
- ✓ To create far more awareness about the newly emerging kinds of cybercrimes that are impacting all stakeholders in the digital and mobile ecosystem.
- ✓ To identify the areas in cyber crimes where Cyberlaw needs to be further evolved so as to meet with the expectations and needs of the relevant stakeholders of the digital and mobile ecosystem.
- ✓ To work in the direction of creating an international network of cybercrimes and cyber-legal professionals which could then be an important voice in the further development of Cyberlaw, Cybercrime & Cybersecurity jurisprudence across the world.
- ✓ Cybercrimes are now beginning to impact corporates in their new avatar. What are the major international Cyberlaw, Cybercrime & Cybersecurity trends? What kind of new manifestations of cybercrimes are beginning to emerge that corporates need to be careful of? What international best practices need to be kept in mind by corporates for protecting themselves from being victims of Cybercrimes? What kind of overall anti-Cybercrime strategies do corporates need to have in place? These and a variety of other issues are sought to be addressed in the International Conference on Cyberlaw, Cybercrime & Cybersecurity.
